Library Patron Behavior Policy

The Library Board of Trustees and the Library Staff strive to create a safe and positive environment for those visiting our library. A public library is a place to gather and share information as well as serve as a community meeting house. The library hosts a variety of activities for varied ages and interest groups and all visitors deserve the right to equally enjoy themselves.

The library reserves the right to require anyone who engages in disruptive or destructive behavior to leave the premises. The library may also restrict privileges for a specified period of time or ban the individual from the library property permanently.

*Those patrons either barred from the library or refuse to leave will be subject to arrest by the police in accordance with IC 43-2-2 entitled "Criminal Trespass".

The library staff or director will maintain a peaceful environment in a fair and reasonable manner. **If every effort has been made by the staff to solve the disruptive issue or any staff or public member feels their safety is jeopardized in any way, the police will be contacted.**

Unattended Child Policy:

The Crawford County Public Library welcomes the use of its facilities by children of all ages. Our services are offered to make visiting the library a positive experience as well as foster a love of books and reading. The safety of children visiting the library is a serious concern for the staff.

- All children aged 7 or younger must be accompanied by an adult at all times. A busy library is not a secure environment for a child to be left alone.
- The Crawford County Public Library asserts that it is the parent's responsibility to provide childcare; the library staff must not be used for this purpose.
- The Library in no way assumes any responsibility for any child left unattended in or outside the building.
- Parents are responsible for monitoring their child's activities and regulating their behavior.

If a child is being disruptive, is habitually left unattended, or is deemed to be at risk of coming to harm, the library staff will intervene. If the behavior is not modified, library staff may ask the adult and the child to leave the library.
